

Free dispensing download

Our range of [dispensing equipment](#) includes automatic, semi-automatic and robotic systems, hand held guns and all the consumables users are ever likely to need for their adhesives or other liquids like inks, coatings, greases or oils. So in order to help production engineers, we are offering a **free download** of ***25 Top Dispensing Tips*** – an indispensable guide to the ins-and-outs of fluid dispensing, including equipment selection and techniques. We are offering a free sample kit including a selection of tips, barrels and other consumables – all featuring industry-standard fittings and total backward compatibility.

Our **free download** of ***25 Top Dispensing Tips*** cover subjects such as the best type of dispensing tips to use for solder paste or conductive epoxies, dispensing of light sensitive materials, how to prevent dripping or backflow, how to increase accuracy and how to minimize clogging in the dispensing tip. There are also tips on low viscosity materials and micro-dispensing, right down to correct tip angles. Further information, along with a free download and kit may be accessed by visiting www.intertronics.co.uk/25toptips.
