

Consistent, fast LED UV curing

This new advertisement was published in a magazine this week – the latest in our updated series.

The story of the [DYMAX BlueWave LED Prime UV spot curing lamp](#) is well explained on our website, and [previous blog posts](#). But please let us know if you would like to explore the benefits to your business in more detail.

Consistent, fast LED UV curing

Consistent, fast LED UV curing

The DYMAX BlueWave® LED Prime revolutionises UV light curing:

- Cooler cures, for better substrate thermal management
- >15 W/cm² UV power, adjustable from 0% to 100%
- Long, 50,000+ hour LED life
- Stable intensity for consistent process control
- Instant start-up for immediate curing
