

Our new corporate brochure - the first choice for bonding

If your organisation carries out high technology, high performance manufacturing, assembly or repair, we will help you improve the speed, efficiency and integrity of your bonding, coating and assembly processes.

Under our [**adhere programme**](#), we supply adhesives, coatings, sealants, encapsulants, potting compounds, temporary masks and gaskets for a very wide range of applications and processes, together with the most appropriate equipment for dispensing and curing them. This, together with the provision of expert advice and consultancy, ensures that you will benefit from the optimal material and process choice for the manufacture, assembly or repair of your products – safeguarding and enhancing their performance and integrity and in turn, your profitability and reputation.

Read more – [download the new brochure](#) from our website.
