## White Paper: A new fluid pressure sensor for process control and validation

Just added to the <u>Technical Bulletins</u>, White Papers & Articles page on our website – a white paper entitled <u>A new fluid pressure sensor for process control and validation in critical dispensing and dosing</u> <u>applications</u>. It discusses the <u>flowplus<sup>16</sup></u> – a compact, inline, through-flow fluid sensor designed to deliver optimum process assurance for fluid dispensing or dosing applications. Why don't you have a quick read?
