

Congratulations to Dymax in Europe

Dymax Corporation's European subsidiary, **Dymax Europe GmbH**, is celebrating its 20th anniversary this year! Based in Wiesbaden Germany, our partner offers [light-curable adhesives, coatings, and gasketing materials](#) for applications in a variety of markets. In addition to adhesives and coatings, Dymax offers high-performance oligomers and a variety of dispensing and [light-curing equipment](#) to strengthen its position as a comprehensive systems supplier.

Dymax, located in Torrington, Connecticut, USA, initially established Dymax Europe GmbH as a joint venture company in 1995. Our business formalised its partnership with Dymax Corp in March 1991, pre-dating the forming of the European subsidiary. Being **the oldest Dymax distributor in Europe** hasn't precluded us from being **the leading Dymax distributor in Europe** as well; we have forged an excellent and enduring partnership with our friends and colleagues in Dymax Wiesbaden, which has resulted in ongoing sales growth and success.

Congratulations to Stefan Katzenmayer, Managing Director of Dymax Europe, and the entire team.

Congratulations to Dymax in Europe
