

Success for our apprentice James

If you're an Intertronics customer, you may have spoken to or exchanged emails with James Heydon over the last twelve months. James has been with us on an apprenticeship scheme, learning hands-on about the how a modern business works. James is a member of our Order Fulfilment Team, handling price and delivery queries, entering your purchase orders, arranging shipments and being downright helpful.

We say "has been" because in December, he passed his City and Guilds Level 2 Diploma in Business Administration with flying colours, as well completing his probationary period with us.

As a result, we're delighted to welcome him on board as a permanent member of the Team.

We're passionate about the career development of our team members and also understand the importance of bringing new young talent into this country's manufacturing sector... hence our support of apprenticeship programmes.

Congratulations, James!

Success for our apprentice James
