

The Engineering Materials Show

Description

We are very pleased to announce our participation at the inaugural [Engineering Materials Show](#), happening on June 2 2017 at the Roundhouse in Derby.

The event will welcome decision makers and specifiers from across the UK's engineering and manufacturing industry who share a professional interest in the practice, technology and science of materials. Key technology areas include: ceramics, metals and alloys, composite materials, polymers, glasses, biomaterials, functional materials, nanotechnology and adhesives. The Show is to be held at the iconic Derby Roundhouse at the centre of the UK's engineering and manufacturing heritage.

We will be exhibiting, and also delivering a seminar entitled *The Art and Science of Choosing a Structural Adhesive*.

[The event is free to attend – register now!](#) See you there.
