

We're JOSCAR accredited

We are pleased to be accredited and on the **JOSCAR** supplier register, offering our customers in the [aerospace, defence and security industries](#) the confidence of knowing that we meet their high standards of supplier conformance. Using JOSCAR can determine if a supplier is “fit for business”.

JOSCAR (Joint Supply Chain Accreditation Registrar) is a collaborative effort by leading manufacturers in the aerospace, defence and security sectors. Suppliers are pre-qualified and their information held in a central database accessible by participating buyer members.

You can find our certificate on our [Quality Certifications and Policies](#) page. Hats off to our [Quality Manager, John Heap](#), for managing the considerable process of getting accredited.

We're JOSCAR accredited
