

DTD50 50ml Cartridge Dispenser

Description

Also available to buy online at  **SHOP** 

The Fisnar DTD50 is a pneumatically operated 50ml cartridge dispenser tool. It offers controlled dispensing of two-component materials packaged into 50ml side-by-side A-style and B-style cartridges. It is suitable for dispensing a range of mix ratios and can either be used handheld or integrated into a [fully automated dispensing system](#). Weighing only 280g, the Fisnar DTD50 is one of the industry's lightest fluid dispense tools. With simple design and operation, accurate and repeatable fluid deposits are quickly and easily created when connected to a [dispense controller](#).

Features & Benefits

- Alleviates operator fatigue and RSI associated with manual dispensing

DTD50 50ml Cartridge Dispenser

- Consistency and accuracy in dispensed amount

Available in versions to suit either square-back or round-back two-part 50ml cartridges

- Consistency and accuracy in dispensing placement when robot-mounted
- Simple and durable design
- Lightweight
- Suitable for all 50ml cartridges including 1:1, 2:1, 4:1 and 10:1
- Option to use handheld or mounted
- Additional storage location at rear to store pistons for variable ratios

DTD50 50ml Cartridge Dispenser
