

Personal UV Protective Equipment (PPE)

Description

Personal UV Protective Equipment (PPE) is essential to protect users against health and safety risks in the workplace. We recommend that PPE is considered and used appropriately in all applications.

UV-blocking eye protection is recommended when operating [UV light-curing systems](#). Both clear and tinted UV-blocking eye protection are available.

Features & Benefits

- 99.9% UV blocking
- Meets ANSI Z87.1 requirements
- Meets CSA Z94.3 requirements
