The fluid sensor flowplus\textsuperscript{16} is a new development of ViscoTec Pumpen- u. Dosiertechnik GmbH. This sensor guarantees optimum process safety for almost all applications in which media is transported.

flowplus\textsuperscript{16} can be used universally for the pressure measurement of fluids and other media in dosing applications. Via an intelligent software, the flowplus\textsuperscript{16} can analyze static and dynamic flow application mechanics.
